D Card information

Replacement

If your card has been lost or stolen, you must apply for a replacement card within seven days. You should either fill in this form or if there are no changes to your details phone **0300 790 6109** (between 8am and 7pm Monday to Friday, and between 8am and 2pm on Saturdays). Malfunctioning and damaged cards

If your card is damaged or malfunctioning, you should apply for a replacement within seven days, returning your malfunctioning or damaged card to us. Before you do this, try it in another Vehicle Unit (VU) to make sure it is the card, not the VU, that is not working properly. Check the VU manual to make sure that it is a card error. If your card is malfunctioning and you do not return it, we will treat it as being lost and you will have to pay a fee for a replacement.

You will have to pay for a replacement if the card is lost, stolen or has been damaged. You should attempt to download data from your card before returning it to DVLA.

Renewing your card

You will need to ensure that you apply for a renewal at least 15 working days before your driver card expires and the ability to record information is lost. Once the card expires it can only be used to display, print or download the data held on it. Expired cards do not need to be returned and should be kept for 28 days after expiry. Data must be downloaded from expired cards before they are disposed of.

You as the driver are responsible for ensuring that your digital tachograph driver card is renewed prior to the expiry of the existing card.

Returning your card (exchange or lost/stolen applications only)

Please do not return your digital tachograph card with this application.

When you receive your new card, you will also be sent a confirmation of receipt letter which must be filled in and returned to DVLA.

E Proof of your UK address
